Education

Bachelor of Science in Human Development and Family Sciences

December 2020

University of Texas at Austin

Research Interests

The influence of interpersonal relationships on health and well-being.

Research Experience

Research Assistant – Late Life Lab

October 2019 – December 2020

Supervised by Dr. Karen Fingerma, University of Texas at Austin College of Natural Sciences (Austin, TX)

- Coded photos and survey responses to identify how living spaces and the COVID-19 pandemic impacted subjects' physical and mental wellbeing
- Reviewed literature on empathy in preparation for a forthcoming study of social convoys
- Researched sources of grant funding for a future study on human-animal interactions

Research Assistant – African American Resilience in Context

Summer 2020

Supervised by Dr. Fatima Varner, University of Texas at Austin College of Natural Sciences (Austin, TX)

- Screened literature for a meta-analysis of student discrimination experiences using Rayyan QCRI

Research Assistant – Project SEED

April 2018 – September 2019

Supervised by Dr. Su Yeong Kim, University of Texas at Austin College of Natural Sciences (Austin, TX)

- Project SEED is a longitudinal study of the Social, Emotional, and Educational Development of Mexican American youth in the Austin, TX area
- Conducted 92 home visits and led groups of research assistants to collect human samples of saliva, hair, and dried blood spots for analysis
- Trained new research assistants and developed bilingual training protocols
- Scheduled more than 50 home visits and explained procedures via phone or text in the language of the participant's choosing (usually Spanish)
- Extensively used REDCap database to collect survey data and schedule home visits

Professional Experience

Associate Clinical Research Manager

February 2022 – July 2023

PPD (Austin, TX)

- Managed assigned clinical trials involving patient and healthy subject populations in both inpatient and outpatient settings
- Acted as liaison between senior project team members and study subjects to meet project needs, projections, and deadlines
- Provided support for the study conduct and oversaw subject eligibility status

Lab Manager – Child Learning & Development Studies Lab

January 2021 – February 2022

Supervised by Dr. Maria M. Arredondo, University of Texas at Austin, College of Natural Sciences (Austin, TX)

- Managed three research projects and a lab of 9-11 research assistants
- Created participant and organizational recruitment protocol for online and in-person testing
- Monitored 90+ Zoom calls for online testing
- Managed and created IRB submissions for four research projects
- Handled lab purchasing
- Coordinated and conducted trainings for new research assistants
- Created introductory and training videos using QuickTime
